EDUCATION

Engineer diploma at ENSTIB

ENSTIB
09/2021 - Present 27 Rue Philippe Séguin, 88000 Épinal, France

Physic and chemistry bachelor, rank 4/9

Faculté des sciences et technologies
09/2018 - 06/2021 54506 Vandœuvre-lès-Nancy, Boulevard des Aiguillettes

PROFESSIONAL EXPERIENCES

3rd year Engineer internship

Lermab
02/2024 - Present 27 rue Phillipe Seguin, 88000 Epinal, France

Wood science laboratory

Achievements/Tasks

- Cultivation and monitoring of fungus grown on steam exploded wood for protein production
- HPTLC analysis of steam explosion effluents
- Protein and sugar dosing of various biomass

Research assistant

NIBIO
07/2022 - 09/2022 Ås, Norvège

Work/activity

- Creation of particle boards from treated and untreated wood particles.
- Inspection, maintenance and repair of treated wood samples under an electric pulse field.
- Mechanical and differential scanning calorimetry analysis of various samples.
- Study of the influence of different drying methods on the determination of wood samples moisture content.

Research assistant

ENSIC/ LRGP
04/2021 - 06/2021 Nancy, France

Work activity

- Realization of scientific protocols.
- Assistance in the creation of new molecules.
- Spectroscopic and kinetic analysis of the degradation of aqueous pollutant.
- Research project participation.

COMPÉTENCES

Punctual

analytical chemistry

Microbiology

Chromatography

Teamwork

Organised, rigorous work

Adaptability

Wood science

LANGAGES

French

Native or Bilingual Proficiency

English (TOEIC : 950 / 990)

Full Professional Proficiency

Espagnol

Elementary Proficiency

CENTRES D'INTÉRÊTS
